

# **2008-2009 Kansas TSA Strategic Plan**

## **Mission Statement:**

The Technology Student Association fosters personal growth, leadership, and opportunities in technology, innovation, design, and engineering. Members apply and integrate science, technology, engineering and mathematics concepts through co-curricular activities, competitive events, and related programs.

## **Motto:**

***Learning to live in a technical world.***

### **Goal 1      Increase chapter membership by 5 local chapters each year.**

- 1.1      Promote TSA at several regional technology conferences
- 1.2      Send out informational packets to interested schools
- 1.3      Travel to selected schools to promote TSA
- 1.4      Host new advisor/new chapter training sessions

### **Goal 2      Develop Regions**

- 2.1      Create handbook for regional coordinator
- 2.2      Host mini conference in each region
- 2.3      Regional officers
- 2.4      Recruitment in each region

### **Goal 3      Leadership Development**

- 3.1      Host a conference in late summer to update advisors on TSA information and leadership development for advisors
- 3.2      Create a chapter advisor handbook and/or updates to post

### **Goal 4      Create a conference Host Guideline Packet**

- 4.1      Create conference management team
- 4.2      Create host site list –one for each region

### **Goal 5      Maintain routine board meetings**

- 5.1      Publish yearly board meeting dates
- 5.2      Maintain minutes of each meeting
- 5.3      Follow through with action items from meetings
- 5.4      Maintain a financial report

**Strategic Plan will be reviewed at each and every board meeting.**
