

## Kansas TSA Pin Contest

Each year when we go to Nationals, a big event is the mixer at which everyone trades lapel pins as mementos from the conference. Students and Advisors really get serious about this activity.

Every year is unique, so help this one be special in its own way. How would you like to design the pin that Kansas will have made for Nationals? It should be the size shown on the form and should be something that showcases our state as well as TSA.

We would like for you to bring your full color design to the Fall Leadership Conference, or no later than December 1. The prize awarded to the winner will be three free pins and a \$25 cash award.

Remember, the larger pin, the more expensive the pin. Your design must be camera ready, and the pin will be in the exact size, color, etc. that you have submitted.

Submit your entry to the state advisor.

*Thanks for your interest in Kansas TSA!*
