

### **Outstanding Chapter Traveling Trophy**

Each year a traveling trophy is awarded to the chapter that practices good behavior and manners at the state conference. There will be a core group of people unknown to everyone except themselves who will be observing your chapter's behavior. Based on their observations a choice will be made for the chapter to receive this trophy. Various attributes of TSA members will be observed such as but not limited to general behavior, manners, politeness, willingness to assist others, and picking up trash without being asked. Students, advisors, and alumni may be selected for this committee but it is left to your host to make the final choice. Make your school proud of your chapter and do your best to win this award for your chapter and your school.
